# Be an Answer:

## Military Chaplaincy PTSD Program

### Master of Arts in Pastoral and Spiritual Care for Military Chaplains

As a military chaplain, are you considering how you might better serve the men and women in our nation's military by gaining additional expertise and supervision on spiritual care? This program can equip you to provide the specialized pastoral and spiritual care needed by them - as well as their families.

Iliff's unique program gives chaplains the opportunity to further their theological education in a program that allows:

- concentration on pastoral care courses and courses in psychology, counseling, and social work at the University of Denver
- opportunities for specialization
- extensive study focused on post traumatic stress disorder (PTSD) in the military

#### **Courses to consider:**

- Impact of War on Pastoral Care of Families
- PTSD: Pastoral, Psychological & Theological Responses
- Substance Abuse & Dependence
- Physical & Sexual Violence: Pastoral Responses
- Multicultural Pastoral Care & Counseling
- Clinical Pastoral Education

Interested? Need more information? Contact Iliff's Admissions Office ([admissions@iliff.edu](mailto:admissions@iliff.edu)) and/or faculty member Carrie Doehring ([cdoehring@iliff.edu](mailto:cdoehring@iliff.edu)) for personalized assistance.
